Healing is about 'Remembering.'  
Remembering, on a very deep level, who we are and why we're here. It's remembering that Joy is our birthright and that Happiness is not only attainable, but mandatory for a healthy vibrant life.

My name's Justine and I am the co-owner of Peaceful Heart & Soul Wellness Center in Redmond, Oregon. I work with both People and Animals. I'm passionate about my work and the incredible transformative power it offers.

I'm a McKay Method Certified Practitioner, Reiki Master, and Equine Bodyworker. My sessions last 90 minutes and can be conducted in person or over the phone. Distance sessions are just as effective as in person! My rates are: \$80/session or I offer a package deal of 3 sessions for \$210.

If you are in the McKay Method School beyond the Foundation series, I offer my sessions for \$50. I enjoy offering this discount to Students as a way to further their healing and processing throughout their schooling.

The work I do with animals (Communication and Healing) has a different fee and time structure. If interested in animal work, please call me or check out my website for additional information.

As you continue your journey of Healing, I'd be honored to be a part of your process. Call me at 541-771-2064 or email me at [PeacefulHeartAndSoul@gmail.com](mailto:PeacefulHeartAndSoul@gmail.com). Be sure to check out my websites for an overview of the work I do:
