Big Timber...Yellowstone River...Sweet Grass County...Crazy Mountains -Places full of wonderful energy and home to me, Gayle Grosfield Callinan, born and raised on our fourth generation ranch north of Big Timber.

After living in Vermont, Germany, Seattle and several places in Montana, I decided the ranch was still the best place for me and decided to return home 13 years ago to set up shop at Janet's Spa and Salon in June of 2002.

Having completed the 1000 hour program of Somatic and Asian Bodywork at Big Sky Somatic Institute in Helena, Montana in 2007, I delved into my next quest to learn energy healing at The McKay Method School of Energy Healing in Bozeman, from which I graduated in August 2014.

In 2013, I married Patrick and in 2014, gave birth to our beautiful daughter, Aysa Maeryn. Upon returning to work in 2015, I relocated my practice to a private office and in the near future, hope to offer session on our ranch in a renovated log cabin. While at home on the ranch, my passions are hiking with my dogs and husband, sewing and crafts, photography, gardening and cooking. In addition to seeing clients in my massage therapy and energy healing practice, I occasionally instruct Tai Chi and Qi Gong classes, which I also plan to offer weekend style retreats at our cabin in 2016.

I wholeheartedly invite you to experience an energy healing session with me in Big Timber and soak up the good Qi in our area or call me for a distance healing session!
